

To the Woodbridge Community -

As you may have noticed by a new sign at the front entryway, the HOA is now being monitored on a daily basis by Broadmoor Information and Security (BIS). The HOA board decided that this added degree of security was warranted since we have recently had a few incidents involving theft and vandalism. This should add a security presence that will help deter potential future incidents.

BIS is a well-known security service in zip code 80906 and the cost is very reasonable.

They will be patrolling our complex 3 times per 24-hour period, 2 of those at night. Also, if anyone sees any suspicious activity, any resident can call the mobile number to report and the patrol will come to check it out.

**Following are the BIS numbers:**

Office .....634-4000

Mobile.....661-0719
